Expressions of Interest (December 2022)

Goals

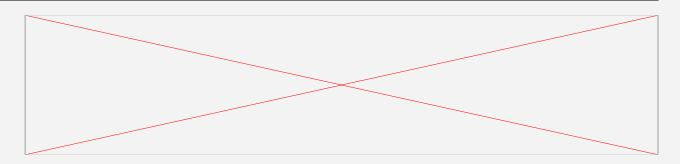

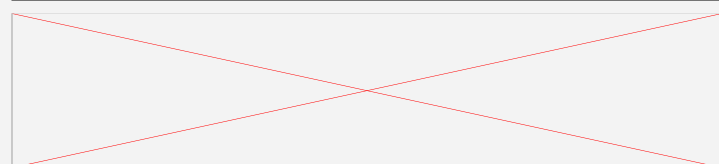

- Interested organisations can show their intention to become a piloting site
- Build a community that is engaged in the creation of data spaces to foster collaboration
- Understand what are priority areas and geographical coverage (for the blueprint design, for the deployment phase)

Inputs asked

- Contact details – lead organisation
- Objectives
- Pilot sites & partners – ideally at least two sites from two countries, demand/supply
- Cross-sectorial dimension
- Link to Living-in.EU and other initiatives

Response

- The call was closed on the 2nd of December 2022
- We received 36 individual submissions
- Not having submitted an Expression of Interest Form does not disqualify organisations from applying to the open call.
